Join the Old Guard of Delta Lambda!

The Old Guard is Delta Lambda's alumni Annual Fund. March and April brought many expressions of loyalty and generosity from Delta Lambda alumni. Your contribution helps the Chapter maintain its competitive standing at the top of Florida State's fraternity system.

March and April saw especially generous outpouring of support from alumni. We're extremely grateful to these Brothers who joined or renewed their Old Guard commitments since our last Newsletter was published in March.

Chuck Cottrell '80 says the *Don Kyle Memorial* initiative "was inspired by Facebook messages from **Glenn Grant '82.**" Six contributions in various amounts of \$100 or more have been received from six Brothers with the goal of creating a Memorial of some kind for **Don Kyle '77.** Their goal is to reach \$1,000 (\$800 has been raised so far). They will decide later what form the

Memorial will take. For now, the *Don Kyle Memorial* is listed as an inclusion in the Brent Sembler Society. Contributing brothers to-date include **Jim Finch '81, Joe Feheley '81, Chuck Cottrell '80, Glenn Grant '82, Mike Martin '79, and Dave Henry '81.**

We're grateful to several more Brothers who have sent money to 'catch up' in their yearly gifts.

They include **Jim Cobb '63** (two years); **Jim Finch '81** (four years), **Bill Cheek '62** (four years).

Jim Poe '66 and **Harvey Mackler '72** (University of Pennsylvania) also sent their annual Old Guard contributions this month. Thank you!

Joining the Old Guard is easy. Contribution is only \$100 per year. Your gift goes toward strengthening the Bonds among alumni, and enriching both the alumni and undergraduate Delta Lambda experience. Some alumni have even chosen to give as much as \$1,000. A current list of the **Old Guard Members** appears at the end of this newsletter.

Our next Alumni Advisors/Undergraduate Leadership Luncheon is Wednesday, **May 5th** at the University Center Club. Please come and enjoy the fellowship and hear about Delta Lambda's latest goals and achievements. Our Chapter is fortunate to benefit from the attentions of strong undergraduate leaders and many caring alumni.

ANNUAL MILITARY BALL 2021

The 2021 annual Military Ball featured Student Body President **Jonathan Levin '18**, recently commissioned in the Air Force, and guest speaker **Lieutenant Colonel**

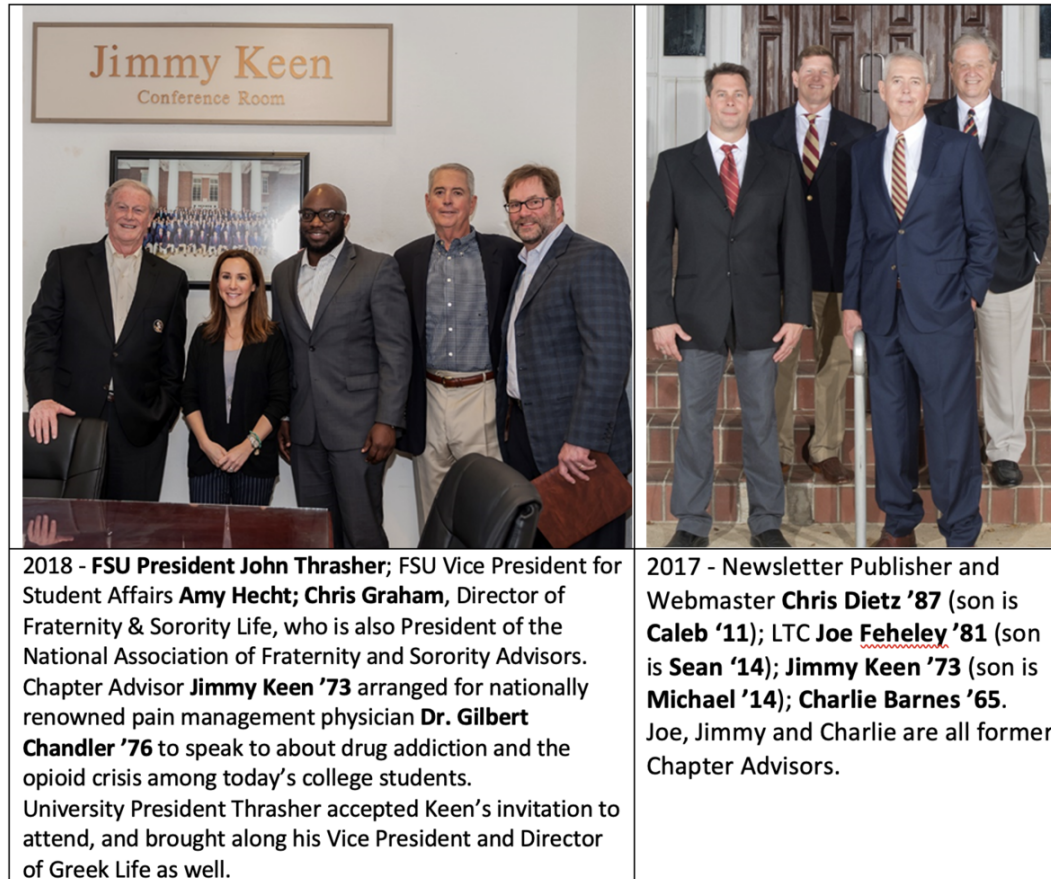

Patrick Sullivan '01, USMC. As many as 8 Delta Lambda undergraduates are currently either serving in the ranks, or will be commissioned before graduation.
Eli Nortelus '01; Charlie Barnes '65; Chapter Advisor John Peacock '01; LTC Patrick Sullivan '01 USMC; Corporal Brandon Edmonston '20 USMC; Andrew Paquin '18; SMC Luke Vari '18; EVP Kyle McLaren '18; IVP Max Roix '18; Student Body President Jonathan Levin '18; David Joseph '19.

These joined Col. Sullivan for a casual dinner prior to the military Ball.
If you have had any doubts about the quality of Pike social life in 2021, let this photo of the attendees and their stunningly beautiful dates put your doubts to rest.

THE SEMBLER & KEEN CHALLENGE

The Jimmy Keen Conference Room (see plaque above, left) marked the first house project taken on by the undergraduates, on their own, to create and finance a major house improvement.

Jimmy remembers, "**Kevin Stokes '13** was the SMC then. He came to me with the idea of converting an open space on the second floor into a conference room."

"At the time, I was opposed," Keen continued. "I suspected the proposed room was just going to be another man-cave. Happily, as it turns out, I was wrong. After conversations with the officers, Kevin and his Executive Committee agreed to construct the room and use it specifically and exclusively for meetings and for quiet study. I am honored that they voted to give the room my name."

Kevin Stokes '13 writes, "Jimmy and I had a great working relationship during my time as SMC. Envisioning a place for our Exec board to meet, I proposed turning one of

the open spaces on the second floor into a conference room to Jimmy. Initially he didn't like the idea, but over time Jimmy came around to see how this improvement to the Pike house was a great way to turn an unused space into something we could be proud of. Jimmy, **Joe Feheley '81**, House Manager **Rob Hicks '14** and I worked on the conference room project for a number of weeks. Joe, especially, spent many hours with us, building by hand. I'm glad to hear it's an academic space that the Chapter still uses and keeps in good shape - surely due to Jimmy's hard work and dedication to the upkeep of the house."

Jimmy says that immediate past SMC **Jacob Middleton '18** wanted his chapter to make a significant contribution to the house through installing a basketball goal in the courtyard. "I told Jacob, it would have to be very high-end and expensive goal. Nothing second class. I researched and had conversation with Leon County recreational department; they told me the best price would be \$1,700."

"Pete (**Peter Ford '14** Legends General Contractor for Legends of Delta Lambda) and I discussed with Jacob a location for one basketball goal. We moved from one goal to two goals in locations that Pete and I agreed. The Chapter would pay for installation; Pete supervised it to make sure they were installed correctly, and charged them nothing for his professional help. I signed an approval for Legends of Delta Lambda to pay for decorative bars to cover the windows behind the goal."

Immediate past SMC **Jacob Middleton '18** writes, "The basketball goals were a long-time wish of the Delta Lambda Chapter. With COVID-19 throwing a wrench in essentially all plans for 2020, my executive board was faced with challenges we had never seen before. We began to think about ways to improve the morale, and we decided on making the Chapter's basketball goals wish come to fruition. With the help of Jimmy Keen and Brent Sembler, we installed in-ground basketball goals on both the east and west wing of the courtyard. A true testament to our alumni's dedication to the fraternity, the basketball goals are used daily and truly bring a new sense of Brotherhood to the courtyard."

Jimmy maintains close personal relationships with both Kevin and Jacob. "Working with Kevin was one of the best years as Chapter Advisor I had," Jimmy says. "He was a strong leader, trustworthy, honest, reliable and responsive. He and I had many discussions about the difference between right wrong, versus what is popular. Great leaders move in the direction of what is right."

Delta Lambda's 'Godfather' **Brent Wolfe Sembler '78** writes, "**Jimmy Keen '73** has been overseeing the on-site common area maintenance for a couple of years now. Under his supervision, maintenance has gotten a lot better and a lot cheaper for us. We are lucky to have Jimmy paying attention to those things. And Jimmy did create the 'challenge;' concept, which is a very good initiative."

In only the past two years, Legends of Delta Lambda has invested another \$650,000 into improving the house.

Jimmy writes, "My motivation is to get the undergraduate Brothers seriously involved in making the house better when they leave, than it was when they moved in. My dream is to have the huge plaque decorated with gold plates detailing the significant enhancements undertaken by future chapters, and framed composites on the wall recognizing those initiatives and the Chapter leaders."

Chapter Report

At our final Alumni/Undergraduate luncheon of the 2020-2021 school year, Chapter officers expressed optimism and enthusiasm about what's ahead for Delta Lambda. **SMC Luke Vari '18** reported, "Chapter morale is high." It appears that Pikes will be renting out the front portion of the Lambda Chi house next year. "That will be good for us," Vari said. "It means we'll have more of the younger members next door; it will increase involvement."

Luke and Chapter Advisor John Peacock entertained a delegation of Sigma Chi alumni at the Pike house. The Sigs will be re-colonizing this fall, and we are glad to have them back. We'd like to have all our old rivals back.

EVP Kyle McLaren '18 said Pike astonished the campus by raising over \$46,000 for philanthropies in only two weeks. "The Chapter also contributed \$1,500 to the Military Ball," he said. "We decided not to participate this year in Dance Marathon, but to raise money instead for our own projects in our own way. We adopted the charity of the local Leon County Firefighters – Camp Amigo, a burn camp for children. We raised \$18,000 in less than one week."

Chapter officers have established a relationship with the Firefighters. A few weeks ago, Pikes took dinners from Mission Bar-b-que to the firemen. "This time we took Chik-Filet," McLaren said. "They were waiting for us!"

Unlike back-in-the-day, Sororities now choose their Man of the Year based in large part on how much money a fraternity can raise for the sororities' philanthropy. Pikes were named Tri-Delt Man of the Year, and DG Anchor Man.

McLaren is President of the Seminole Student Boosters, FSU's largest student spirit group. A dozen Pikes serve on the organization's executive board.

Christian Ursillo '18 said "Spring was good, despite the onerous university restrictions. We appear to be inching toward normalcy."

IVP **Max Roix '18** said the Brothers enjoyed a paintball event in Quincy several weeks ago. "Four or five girls competed for Dream Girl during 'Dream Girl Week'. It was very close. The very popular Pike Stickball Season is drawing to a close. Final exams will take pace at the end of this month."

In other news, **SMC Luke Vari '18** was voted Brother of the Year. **Garrett Sargeant '17** won the Ed Cubbon Award for exemplary brotherhood and loyalty to Delta Lambda. New member of the year is **Brandon Edmonston '20**.

Adrian Lukis '05 Governor Ron DeSantis' new Chief of Staff

Bill Lickson '81 New Director of North Florida Innovation Laboratory

Adrian Lukis '05 was recently tapped to become Gov. Ron DeSantis' new Chief of Staff. He was named the attorney for the Florida House Economic Affairs Committee only two years after finishing law school. Former SMC Carlos Lindo '81 wrote, "Adrian has been a hard worker ever since we met as pledge brothers in the fall of 2005. I also had the pleasure of attending law school with him. Governor DeSantis' Office is in great hands with Adrian at the helm."

Bill Lickson '81 has been announced as the Executive Director of the North Florida Innovation Laboratory. Innovation Park Executive Director Ron Miller said, "Lickson is an accomplished entrepreneur, advisor, and mentor to businesses and start-ups in Tallahassee and across the country." "[Lickson] has been named to take over the soon-to-be-built incubator laboratory at Innovation Park. He will be in charge of both building and running the seventeen-million-dollar facility."

Ad Astra

Robert "Bob" Weston Hall '49

Bob Hall '49, Delta Lambda Charter Member and collared officer of the first chapter, passed peacefully into Chapter Eternal in his sleep on March 24, 2021. He was 94.

As Chapter Secretary in 1950, Bob cast the deciding vote to embrace Delta Lambda's dream of occupying their own, competitive facility, rejecting FSU's offer of university housing. It would be another, long 17 years before Delta Lambda's dream came true, but 218 South Wildwood was the best house on campus, built on the largest private parcel of land in the middle of campus.

Bob and Jean retired to Tallahassee in 1987 when he was honored at Delta Lambda's 40th Colony Anniversary Celebration Banquet. But his retirement was destined to be anything but relaxing. When tragedy struck and the chapter was lost in 1988, the International Headquarters asked Bob and **John French '64** to assume whatever caring fraternal oversight could be maintained over 175 suddenly disenfranchised members of Delta Lambda. Later, along with **Cort McCord '81**, Bob was an unofficial Advisor to The Firemen (1988-1994).

Bob was a strong and fearless advocate for Delta Lambda, and continued to provide Fraternal counseling during the darkest of days. He courageously served as President of the Alumni Association during the decade when many alumni feared that Delta Lambda might never return to FSU.

Bob played a significant leadership role when Pi Kappa Alpha re-colonized in 2000, tirelessly raising funds to build the new Pike house, completed in 2005. In twenty years since the Chapter's return, Bob almost never missed a Pike event or a monthly alumni luncheon.

Former Florida Senator **Bob McKnight '62** (Florida Southern) wrote, "I got to know Bob through our monthly Pike Alumni luncheons at FSU. What a wonderful Brother and source of valuable history for our fraternity! He always reminded us of how much Pikes gave him, including the love of his life. Rest in peace Brother Bob. Phi Phi."

Pi Kappa Alpha's National CEO **Justin Buck '96** (Southeast Missouri) wrote: "I am very sorry to learn of Bob's passing. Bob was a good man and a very loyal PIKE. His record of service as a volunteer to the Fraternity spanned over three decades, and I know he served as a mentor to thousands of young men throughout his life. The world needs more men like Bob Hall."

Glenn Grant '82 said, "Wow what a loss! Our chapter's a better place because of leaders and Brothers like him! I will give it some thought as to a few words of wisdom to share, as I travel around the country meeting with Pikes. I had lunch with **Mark Provo '82** in Memphis yesterday, dinner with **Chris Chain '83** before that; a few days with **Rocky Beach '81** and **David Hiteshow '82** for a quickee. Also, with **Joe Liguori '81** in Jax , and before that with **Bill Comiskey '81, Jay Hurley '79, Mike Miller '84** and **Harold Overby '82**....Living the dream!!! "My truest happiness is when I am awake in my dreams", Henry David Thoreau. With the Power of Pike Brotherhood!! Glenn E. Grant cell: 239-269-1950."

Former Chapter Advisor **Scottie Howell '06** wrote, "Bob and I spoke regularly throughout the COVID isolation, even since I moved west. Each time we spoke, he would say, "You have no idea what it means to me that you call." Having lost his wife Jean in 2013, I know the isolation has been worse with COVID lockdowns. Bob was very grateful for his Pike Brothers remembering him. He shared that alumni would pick him up for the Pike luncheons and take him back afterward. Those luncheons meant the world to him. "At the end of every call, Bob would always tell me, "Love you, big guy." I always told him, "Love you, too, brother," and I'm glad I did. I can't help feeling grief right now, but I'm so thankful that I got to talk with Bob one more time. You never know when it will be the last time, when you won't have another chance to tell those you care about that you love them."

Past SMC **David Rancourt '84** wrote, "I've been thinking about our alumni leaders, and the loss of Bob. He was a wonderful and kind man...always a keen reminder of our history and grand legacy, and how hard it is to achieve greatness. He always sought the positive, and sought not to be troubled by negative people, things and situations. He meant a lot to all of us, and I grieve with you."

David Kresge '73 said, "I am enriched for having known Bob from back when we dealt with the shock of the initial loss of the Chapter Charter. I send my prayers and love to the family."

Past Chapter Advisor **Jimmy Keen '73** wrote, "Bob was an inspiration to all of us who volunteered for service to Delta Lambda. When I was CA, I created the special category of 'Delta Lambda Ambassador' and awarded it to Bob. It was two full year more before any other worthy alumni was presented with the Ambassador title."

On the 71st Anniversary of Delta Lambda's Chartering Ceremony (March 4, 1949) Co-Chapter Advisors **Scottie Howell '06** and **John Peacock '01** along with SMC **Jacob Middleton '18** presented Bob with a framed collage illustrating his 73 years of contributions and leadership to Delta Lambda. John Peacock arranged for Pike National CEO **Justin Buck '96** to send a special video recognizing Delta Lambda's 71st

Anniversary, as well as a special tribute to Bob. At graveside, Bob's family returned the framed plaque to the Chapter where it will be displayed in the Doug Russell Legends Room.

During the March 4th, 2020 Luncheon, one of the undergraduate officers asked, "Mr. Hall, why do you still devote so much time and energy to Pi Kappa Alpha at age 93?" His answer was marvelous. Bob said, "The question isn't why would I stay involved. The question is: Why wouldn't I stay involved? Most of my Brothers from chapter days may be gone, yet most all of my friends today still are Pikes, both alumni and undergraduates. I met my wife of 61 years at a Pike formal dance in Nashville at the Sigma Chapter (Vanderbilt). I got my 35-year career with Southern Bell through a chance meeting at a Birmingham, Alabama Pike alumni luncheon. I was able to participate in the Initiation of my grandson **Robert Andrew Hall '14** at the Upsilon Chapter (Auburn). Just about everything I cherish in life has come to me one way or the other through Pi Kappa Alpha. Why wouldn't I want to remain close to this wonderful Fraternity?"

Recognizing his service in World War II, Bob was buried with full military honors, and now rests next to his wife Jean who died in 2013. Many Pike alumni and undergraduates mourned alongside Bob's family at the funeral.
